ASIAN STUDIES MINOR

The Asian Studies minor is a multi-disciplinary course of study through which students engage the history, politics, languages, cultures, and other aspects of Asian peoples, societies, and countries. In the program, students gain knowledge in core areas while exploring their own areas of interest. At its core, the program provides students with the analytical tools to (a) evaluate nuanced ways of experiencing and understanding the world, (b) develop a nuanced understanding of how “Asia” as a conceptual framework relates to specific geographical and historical realities, and (c) build a rigorous interdisciplinary and regional studies foundation for future work as global citizens and agents of social justice around the world.
